**RE:    Andrews for Congress Committee  
      FEC Identification No. C00243428**

Dear Mr. Kern:

As requested pursuant to your letter dated April 17, 2001, enclosed please find an amended Summary and Detailed Summary Pages of the 2000 30 day Post General Report with activity from October 19, 2000 thru November 27, 2000 and a response to the problems listed in your letter. The following addresses each relevant paragraph of your letter:

- In response to Paragraph 1 of your letter, the subtotal amount of Schedule A, page 6 was inadvertently excluded from the line item total. I have attached an amended Schedule A, page 6 that reflects the subtotal that was carried over to the line item total. Therefore, the \$69,400 total reflected in Column A, Line 11 (a)(i) is the correct amount;
- In response to Paragraph 2 with regard to Schedule A receipts which have been designated toward the general election but were received after the general is incorrect. Attached is the entire amended Schedule A that properly designates the contributions toward the 2000 General election and to the 2002 Primary election. The contributions that have been redesignated to the 2002 Primary are undesignated receipts that were supposed to be earmarked for the next election (primary 2002) as stated in the rules. No refunds are necessary for any of the undesignated contributions;
- In response to Paragraph 3 with regard to the filing of the 48 hour notice for the "last minute" contributions listed, the individuals cited are reported on Schedule A; however, the 48 hour notice incorrectly listed the individual as listed on the check or attributed by the partnership. Further explanation is as follows:
  - Floyd Warman was inadvertently listed as the contributor on the 48 hour filing; his signed letter enclosed the partnership check, Sixth Street LLP, but was attributed to Mr. Jonathan Sackler for \$500 and Mr. Richard Sackler for \$500, which was reported in the 30 day filing on Schedule A, page 13;
  - Tae Kim was inadvertently listed as the contributor on the 48 hour filing but his spouse, Sung Ok Kim, signed the check and was reported in the 30 day filing on Schedule A, page 10;
  - Robert Hickey was inadvertently listed as the contributor on the 48 hour notice, but, again, his spouse signed the check and her name is reported in the 30 day filing on Schedule A, page 8;
  - Bond Market PAC was unfortunately and unintentionally overlooked when completing the report and Schedule A has been amended to reflect the PAC contribution. This Committee is taking greater cursory review before submitting reports and with the electronic filing believes possibility of error is minimal;
